What is Working Roots?

It is a new full time work based training scheme developed by Kier North Tyneside, North Tyneside Council and Justice Prince. It is intended to give young people who are struggling to find work, or the right kind of training an opportunity to try something new.

It will help build confidence, skills and provide real "hands on" work experience, which all employers are looking for.

NORTH TYNESIDE
worKing roots

Why is it worth joining Working Roots?

- £50 per week attendance allowance

- Certificate on completion of the 10 month work based training programme

- A range of qualifications which will help impprove your chances of employment including a Level 1 qualification in construction or horticulture

- A great opportunity to meet new people including prospective employers

- Help to improve local neighbourhoods across North Tyneside and build your skills and experience

What will you be doing?

You will be part of a small team who will be supported by a supervisor from the Working Roots team. You will be involved in delivering a range of work within communities across North Tyneside which will include painting and decorating, gardening and fencing.

You will work

Monday - Friday from 8.30am - 4.00pm Including 3.5 days of work based training and 1.5 days of education and learning

Potential to win a "Working Roots Champion" award with a £100 reward
